Riga Passenger Gateway

*Riga Passenger Terminal
3a Eksporta Str.
Riga, LV-1010, Latvia
Ph.: +371 67326200
Fax: +371 67326195
e-mail: info@rigapt.lv*

Riga Passenger terminal serves cruise ships, super yachts, sailing yachts and welcomes passengers from the USA, France, Finland, Italy, Spain, Great Britain, Germany, Sweden and other countries.

Also a daily ferryline service with connects Riga with Stockholm.

The newly constructed berths of Riga Passenger Terminal are just at an arm's length from the Presidential Palace and the Old Town. A comfortable stroll along the cobblestone streets will takes our guests to Riga's medieval churches, Art Nouveau style buildings, museums, cafes, shops and restaurants. And if Riga makes them lose sense of time, their ship is just in a few minutes' walk.

Our mission is to create a safe and delicious environment for people and ships. In other words to be a safe, reliable, efficient and caring port service staff, committed to meet the expectations of its customers, employees, business partners and its shareholder. Our val-

ues are Safety, Caring and Reliability. Safety - because a high standard of safety is the basic component to any successful marine business. Caring - because the hallmark of many very successful relationships is the attitude it adopts towards its customers, i.e. meeting customer expectations through professional, friendly and courteous service will give the Riga Passenger Terminal a distinguished competitive advantage over its competitors. Reliability - because among the keys to success is performance dependability - certainly both at the operational and commercial levels by ensuring exceptional dispatch reliability.

In the past two years, we have done major dredging of the Daugava riverbed to make it capable of hosting MK-3+MK-4 cruise ships with LOA up to 300 m and draft up to 8.5 m.
